

Highest Quality Chemical Handling Gear

Accu-Tech provides the ultimate in safety tools to users. Whether you are spraying or handling chemicals, key considerations are control and protection. Accu-Tech products are carefully engineered and manufactured to ensure both.

At Axiom, we saw a clear need to develop Accu-Tech safety tools because so many of our customers use measuring containers with a substance or chemical that requires

hand or eye protection. Our goggles, gloves and hand sprayers are engineered for no loss of performance or dexterity because when you're handling hazardous substances, confidence is vital.

From splash protection goggles to chemically resistant gloves and from hand sprayers to safety flags, you can count on Accu-Tech in a variety of industries, functions and applications.

## GLOVES

### Green Nitrile Unlined Glove 13 Mil, 13" Glove

- Excellent chemical resistance and protection
- Resist snags, punctures, abrasions and cuts
- Textured grip gives better wet or dry hold
- Designed to work well with sprayer nozzles and other small parts

SM-2XL | #GC30002 | 120 Pairs Per Case

### Green Nitrile Lined Glove 15 Mil, 13" Glove

- Lining provides comfort and easy on and off
- Excellent chemical resistance and protection
- Resist snags, punctures, abrasions and cuts
- Textured grip gives better wet or dry hold
- Designed to work well with sprayer nozzles and other small parts

SM-2XL | #GC30022 | 120 Pairs Per Case

### Black PVC Double Dipped Rough Grip, 12"

- Tough black PVC protects against most acids, fats and petroleum hydrocarbons
- Excellent against abrasion and providing strong grip in wet and dry uses
- Great choice for mining, auto, refining and construction industries

XL | #GC30055 | 72 Pairs Per Case

### Disposable Black Nitrile 5 Mil Powder Free

- Black color is perfect for industrial and other hard-working environments
- 5-mil thickness offers first-rate sensitivity and hand protection
- Powder free for reducing hand residue

S-XL | #GD32003 | 10 Boxes of 100 Per Case

## GOGGLES

### Splash Protection Goggles

Provides splash protection with a fog-free, impact resistant lens

- Can be worn by themselves or over prescription glasses
- Adjustable rubber band that fits most head sizes
- Vents allow goggles to breathe and not fog up in hot conditions but still offer eye protection from splashes

#H152002 | 120 Pairs Per Case

### Non-Vented Goggles

Lightweight and flexible vinyl goggles providing top eye protection.

- Fits over most prescription glasses
- Adjustable, elastic headband
- Great for anhydrous ammonia applications

#H152004 | 120 Pairs Per Case

## FLAGS

Used to easily mark field intakes and ditch tiles.

### 5 & 8-Foot Premium Flags

- 11" x14" Premium triangle flag
- 3/8" x 5" Heavy duty rod
- Case Quantity is 80 flags
- Customizable with your branding
- 5-Ft Order: #AXFP5
- 8-Ft Order: #AXFP8

### 5 & 8-Foot Flags

- 9" x12" Triangle flag
- 5/16" x 8" Sturdy rod
- Case Quantity is 80 flags
- Customizable with your branding
- 5-Ft Order: #AXF5
- 8-Ft Order: #AXF8

## HAND SPRAYERS

Creating high-quality, easy to use hand sprayers was key as we developed our 2-quart models and their inner seals to handle harsher chemicals. These superior sprayers are easy to fill and pump with an adjustable nozzle from fine mist to stream. These sprayers are excellent for applications including degreasing and cleaning agents, solvents, pest control, and coatings.
